

2020 CBRFC Stakeholder Engagement Forum

Dates: October 28th and 29th, 1:00 PM to 4:00 PM Mountain Time

Location: Virtual Meeting Only - Webinar Information Included on Agenda

Goals:

- (1) Inform stakeholders on recent updates and advancements at the CBRFC, particularly pertaining to model and forecast development and product delivery
- (2) Introduce Colorado Basin River Forecast Center products, services, and methodologies to those that are new to the CBRFC, recently hired by an agency that utilizes CBRFC products and services, or those that just wish for a refresher on key CBRFC products, services, and methodologies
- (3) Present information related to the future of streamflow and water supply forecasting, including, but not limited to, new models, methodologies, and datasets.

Background:

CBRFC's annual stakeholder engagement forum is important for assessing stakeholder needs and determining priorities for the CBRFC. Typically, feedback from our stakeholder forums inform our needs and priorities for the upcoming water year.

Additionally, the CBRFC will update stakeholders on recent advancements to the CBRFC's forecasting methodology and planned improvements to products and services.
